

Retirement savings from the revolutionary new perspective of lifetime income.

## Introducing the Putnam Lifetime Income Analysis Tool.

We're changing the way plan sponsors and participants look at retirement savings. No more scary numbers and paralyzing savings goals. Our Lifetime Income Analysis Tool translates savings into a single estimated monthly income and lets participants easily model different outcomes. It offers simple ways to help increase income in retirement, in terms you can understand and amounts that fit the monthly budget. It's powerful, easy to use, and available only from Putnam.

**Call Putnam Retirement Services at 1-800-719-9914 to request a demonstration for your plan.**

The Lifetime Income Analysis Tool is an interactive investment tool designed for Putnam 401(k) participants to illustrate the estimated impact of a participant's plan balances and projected savings on income in retirement.

Putnam Retail Management

- ✓ Translates savings into estimated monthly retirement income
- ✓ Allows participants to easily model different outcomes
- ✓ Offers next steps to help boost income in retirement
