Build relationships and help non-profits set up scholarships

Each year, churches, schools, hospitals, and civic groups award scholarships to local students. Helping these organizations establish a 529 account as the funding vehicle can be a great way to build business relationships in your community.

A Putnam 529 for America account can be established by any state or local government and any 501(c)(3) organization. The plan offers tax-free growth, control over withdrawals, and no contribution limit, as long it is consistent with the scope of the scholarship program.
