**Part II Organizational Action** Attach additional statements if needed. See back of form for additional questions.

**14 Describe the organizational action and, if applicable, the date of the action or the date against which shareholders' ownership is measured for the action ▶**

Shareholders in the Putnam Master Intermediate Income Trust on the record dates on the attached statement received distributions, a portion of which represent a return of capital. As a result of the non-taxable distributions, the shareholders of record will be required to reduce the basis in their RIC common shares of this fund by amounts designated as a return of capital.

**15 Describe the quantitative effect of the organizational action on the basis of the security in the hands of a U.S. taxpayer as an adjustment per share or as a percentage of old basis ▶**

The shareholders' basis in their shares of this RIC is reduced by the distributions paid during calendar year 2020 which have been determined to be a return of capital. The impact to the shareholders' basis, on a per-share basis, can be found on the attached.

**16 Describe the calculation of the change in basis and the data that supports the calculation, such as the market values of securities and the valuation dates ▶**

The Putnam Master Intermediate Income Trust had a return of capital of \$7,759,518 at its fiscal year ended 9/30/20. This represents 55.962435% of the 2020 distributions which were paid in this fiscal year of \$13,865,583.29. See attached for per share amounts.
