

Adrian H. Chan, CFA

*Portfolio Manager
Investment Management*

Mr. Chan is a Portfolio Manager in the Global Asset Allocation (GAA) group. He is responsible for derivatives and volatility strategies, including tail-risk hedging. In addition, Mr. Chan assists in portfolio construction for U.S. stock selection processes and leads efforts in custom indexing. He is a Portfolio Manager of Putnam's target-date, traditional asset allocation, multi-asset absolute return, and total return strategies. His work also contributes to Putnam's *Capital Markets Outlook*. Mr. Chan has been in the investment industry since he joined Putnam in 2003. After leaving in 2006 to complete his M.B.A., he rejoined the firm in 2008.

Previously at Putnam, Mr. Chan served as an Analyst, an Investment Associate, and an Intern in the GAA group.

Mr. Chan earned an M.B.A. from The Wharton School at the University of Pennsylvania and an A.B. from Harvard University.
