

Albert Chan, CFA

*Portfolio Manager
Investment Management*

Mr. Chan is a Portfolio Manager in the Fixed Income group, specializing in Putnam's fixed income global alpha strategy. He analyzes market and macroeconomic data, creates quantitative models, and recommends global macro and relative-value positions along the global term structure. Mr. Chan has been in the investment industry since he joined Putnam in 2002.

Previously at Putnam, Mr. Chan held various positions on the Investment-Grade Corporate, High-Yield Corporate, and Global Term Structure teams. These roles included Analyst and Portfolio Construction Specialist, where he developed risk models and portfolio construction tools.

Mr. Chan earned an M.S. in Financial Engineering from the University of California, Berkeley, and a B.S. in Computer Engineering from Simon Fraser University.
