

Putnam Investments (Ireland) Limited
Engagement Report
February 2021

Introduction

Article 3g of Directive 2017/828/EU (the amended Shareholder Rights Directive, or “SRD II”) requires institutional investors and asset managers to develop and publicly disclose an engagement policy that describes how they integrate shareholder engagement into their investment strategy.

The linked [Shareholder Engagement Policy](#) describes how Putnam Investments (Ireland) Limited (“PIIL” or the “Company”) and The Putnam Advisory Company, LLC, the delegated investment advisor (the “Advisor”) for Putnam World Trust (the “Funds”):

- monitor investee companies on relevant matters, including strategy, financial and nonfinancial performance and risk, capital structure, social and environmental impact and corporate governance;
- conduct dialogues with investee companies;
- exercise voting rights and other rights attached to shares;
- co-operate with other shareholders;
- communicate with other relevant stakeholders of the investee companies; and
- manage actual and potential conflicts of interests in relation to their engagement.

Annual Review

On an annual basis, the Company will publicly disclose how its engagement policy has been implemented, including a general description of voting behaviour, an explanation of the most significant votes and the use of the services of proxy advisors.

The [Summary of Votes Report](#) (pages 2-217) provides each of the votes during the period from 1 January 2020 to 31 December 2020. The more significant votes are defined for these purposes and presented as follows:

- Votes against management (pages 219-269);
- Votes against PIIL’s standard policy (pages 271-272)*;
- Referred votes (pages 274-306);
- Votes on Shareholder Proposals (pages 308-322).

*PIIL’s policy may call for votes normally to be cast in favor of or opposed to a matter or may deem the matter an item to be referred to investment professionals on a case by case basis, based on its substance, as reflected in the “Putnam Policy Recommendation” section of the Summary of Votes. However, these general rules may be overridden, where deemed appropriate, by a portfolio manager, subject to approval by the Proxy Committee, as reflected in the Putnam Vote Decision column.

To assist in the voting process, PIIL makes use of Glass Lewis & Co. PIIL uses Glass Lewis for various proxy voting related administrative and operational services, such as vote processing, record keeping and reporting. PIIL also receives meeting analysis reports from Glass Lewis, which include their vote recommendations. These reports are for informational purposes only, to assist with the voting process,

as PIIL has its own proprietary proxy voting guidelines. The Glass Lewis reports are one aspect of PIIL's vote analysis, which may include discussion with and recommendations from its investment professionals, proxy materials, and engagement with portfolio companies. Our vote determinations are based on what we believe is in the best interest of our clients. Additionally, PIIL may look to Glass Lewis for information about market best practices, as well as legal and exchange requirements that we may need to take into consideration when developing voting guidelines or making vote decisions. PIIL has robust procedures in place to address the accuracy of Glass Lewis' information, implementation of PIIL's voting guidelines and conflicts of interest.
